您可以通過用戶中心查詢：

- 當前餘額;
- 充值記錄;
- 消費記錄;
- 訂單詳情;
- 扣費明細。

如因網絡延遲、系統維護等原因導致餘額顯示存在短暫延遲，以平臺最終結算數據爲準。

第三章 充值規則

（一）充值方式

平臺支持通過平臺公佈的支付方式進行充值，包括但不限於：

- 銀行卡;
- 支付寶;
- 微信支付;
- Stripe;
- PayPal;
- 銀行轉賬（如適用）；
- 平臺後續支持的其他支付方式。

具體支付方式以充值頁面實際展示爲準。

充值成功後，平臺將在正常情況下即時增加相應餘額。

如因支付機構、銀行系統、網絡異常等原因導致到賬延遲，請您耐心等待或聯繫客服處理。

平臺有權在覈實支付結果後調整賬戶餘額。

（三）充值金額

如您使用與平台標價幣種不同的幣種付款，實際扣款金額、換算匯率及相關支付費用，以收單機構在交易時的實時結算結果爲準。

如支付失敗、撤銷、退款、拒付或發生其他異常情況，平臺有權相應扣減餘額或撤銷相關交易。

第四章 消費規則

賬戶餘額將在您使用平臺服務時按照平臺公佈的計費規則自動扣減。

不同模型、不同接口及不同服務可能適用不同收費標準，具體價格、計價單位和計費方法以您使用服務時平臺實時公佈的信息爲準。平臺將在充值頁面、模型價格頁面、控制檯或其他合理位置展示相關計費信息。

當您的餘額不足時，部分服務可能無法繼續使用。平臺將盡合理努力提示餘額不足，但不對因用戶未及時充值或自身程序持續發起調用而產生的可避免損失承擔超出法律規定的責任。

如因第三方模型供應商價格調整、匯率變化、運營成本變化、稅費政策調整或其他合理原因需要調整收費標準，平臺將通過官方網站、控制檯或其他合理方式進行公佈；涉及用戶重大權益的，將以顯著方式提示。調整後的價格僅適用於生效後的新調用或新訂單，不追溯調整已經完成的消費。用戶不接受調整後價格的，可以停止購買或使用相關服務。

平臺不得在收取預付款後任意加價或降低已明確約定的服務質量；法律法規另有規定或雙方另有合法約定的除外。

第五章 退款規則

（一）基本原則

賬戶餘額屬於您預先購買的平臺服務額度，用於支付平臺提供的人工智能模型調用、API 服務及其他相關服務費用。

在平臺能夠按照約定持續提供服務的正常情況下，充值成功後，賬戶餘額原則上不支持隨時提現或無理由兌換現金。該約定不影響消費者依據適用法律法規及本協議享有的退款、解除合同或其他法定權利。

用戶主動停止使用服務、因個人原因不再需要相關服務或申請註銷賬號，本身不構成退款條件。除法律法規另有規定、本協議約定的退款情形成立或平臺另行同意外，用戶不得僅以不再使用服務或註銷賬號爲由要求將賬戶餘額提現或兌換現金。

請您在充值前根據實際需求合理選擇充值金額。

（二）可申請退款的情形

在符合以下情形之一時，您可以向 CloudBridge AI Technology Limited 申請退款：

- 因平臺系統故障導致重複扣款、重複充值或錯誤扣費；
- 因支付系統異常導致重複支付；
- 因平臺原因導致已購買的服務無法履行且無法在合理期限內恢復；
- 平臺未按照約定提供服務，或者降低服務質量、任意加價，致使合同目的無法實現；
- 平臺決定停止相關充值服務或停止運營，用戶要求退還未消費的實付餘額；
- 法律法規規定應當退款的其他情形。

平臺將在覈實用戶身份、支付記錄、實際消費及退款條件後，於合理期限內完成審覈。符合退款條件的，原則上按照原支付路徑退回；原支付路徑無法退款的，可在完成必要覈驗後通過雙方認可的合法方式辦理。

（三）部分消費後的處理

用戶已經使用部分餘額的，已實際消費部分按照調用發生時適用的計費規則結算。對於符合退款條件的未消費實付餘額，平臺不得僅因用戶已經發生部分消費而拒絕退款。

退款金額以用戶實際支付形成且尚未消費的餘額爲基礎計算。活動贈送、邀請碼獎勵、測試額度、優惠券、代金券及其他非用戶實付形成的權益，不折現、不計入現金退款金額；活動規則或法律法規另有規定的除外。

（四）通常不支持退款的情形

在不違反適用法律法規的前提下，下列情形通常不支持退款，或者平臺可扣除已經實際發生且應由用戶承擔的費用後處理：

- 相關餘額已經全部消費；
- 服務已經按照約定完整履行；
- 因用戶自身操作失誤、選錯賬戶或選錯充值金額提出退款，且平臺已明確提示、已經發生不可撤銷成本或退款將損害他人合法權益；
- 因用戶自身程序錯誤、重複請求或管理不當產生的實際模型調用和資源消耗；
- 用戶通過欺詐、惡意退款、拒付、套取優惠或其他違法違規方式取得餘額或權益；
- 法律法規允許平臺不予退款的其他情形。

用戶選錯支付方式、充值金額或賬戶，不當然免除平臺依法應承擔的退款義務。平臺將根據是否實際消費、是否可以原路退回、是否產生不可撤銷成本及適用法律法規綜合處理。

（五）餘額不可自由提現或轉讓

除符合本協議約定的退款情形、法律法規另有規定或平臺另行明確支持外，賬戶餘額不得：

- 自由提現或兌換現金；
- 轉讓給第三方；
- 用於償還與平臺服務無關的債務；
- 用於任何平臺未明確支持的用途。

如平臺後續推出餘額轉移或其他相關功能，以平臺屆時依法公佈的規則爲準。

（六）停止服務及重大經營風險

如 CloudBridge AI Technology Limited 出現重大經營風險，可能影響其按照約定正常提供服務的，應依法採取相應措施，並在適用法律要求的範圍內停止繼續收取預付款。

CloudBridge AI Technology Limited 決定停止相關服務或停止運營的，將依法提前告知用戶，並根據用戶選擇及實際履行情況繼續履行、提供合理替代方案，或者退還未消費的實付餘額。

第六章 優惠活動

平臺可能根據業務發展推出充值優惠、贈送餘額、優惠券、代金券、折扣活動或其他促銷活動。

相關優惠活動的具體規則以活動頁面公佈內容爲準。

（一）贈送餘額

平臺贈送的餘額（包括但不限於活動贈送、邀請碼獎勵、測試額度等）：

- 不可提現；
- 不可兌換現金；
- 不可轉讓；
- 不支持退款；
- 使用順序以平臺規則爲準。

除活動另有說明外，贈送餘額可能設有使用期限，逾期未使用的，平臺有權自動失效。

（二）優惠資格

如平臺發現用戶存在以下行爲：

- 惡意註冊；
- 批量註冊賬號；
- 套取優惠；
- 虛假交易；
- 利用程序惡意領取獎勵；
- 其他違反活動規則的行爲，

平臺有權取消優惠資格、追回優惠額度，並採取限制賬號、暫停服務或終止服務等措施。

第七章 風險提示

您充分理解並同意：

（一）AI 服務價格可能因第三方模型供應商價格調整、匯率波動、運營成本變化、稅費政策調整等原因發生變化。

（二）平臺將根據實際情況調整收費標準，並通過官方網站、控制檯或其他合理方式進行公佈。

（三）不同模型之間價格存在差異，請您在調用模型前仔細確認對應收費標準。

（四）API 調用按實際資源消耗計費，錯誤調用、重複調用、程序異常或因用戶自身原因造成的資源消耗，原則上仍將按照實際消耗進行計費。

（五）請妥善保管您的賬號、密碼及 API Key。因賬號泄露、API Key 泄露或管理不當造成的消費，由用戶自行承擔相應責任；能夠證明系平臺原因導致的除外。

第八章 違約責任

（一）用戶違約

如用戶違反法律法規、《用戶協議》、本協議、《AI 服務使用規範》或其他平臺規則，平臺有權根據違規情節單獨或同時採取以下措施：

（一）發出風險提示或警告；

（二）限制充值、消費或部分功能使用；

（三）限制或暫停 API 調用；

（四）在風險覈查、爭議處理或依法執行期間暫時凍結賬戶餘額或相關權益；

（五）暫停或終止部分或全部服務；

（六）註銷賬號；

（七）追回因違規行爲獲得的優惠、贈送餘額或其他利益；

（八）依法追究相應法律責任。

如用戶的違規行爲導致平臺、第三方模型提供商、合作伙伴或其他用戶遭受損失，用戶應依法承擔相應賠償責任。

平臺處理違規賬號餘額時，應區分用戶實付餘額與贈送權益。平臺可依法扣除用戶應付費用、已經實際發生的消費、依法確定的欠款或損失，但不得僅以賬號受限、暫停、終止或註銷爲由當然沒收全部未消費實付餘額。贈送餘額及優惠權益可依活動規則取消或失效。

（二）平臺責任

平臺將按照法律法規及本協議約定提供充值及餘額服務。

因平臺故意或重大過失導致用戶合法權益受到損害的，平臺將在法律規定範圍內承擔相應責任。

除法律法規另有規定外，平臺不對以下情形承擔責任：

- 因不可抗力導致的服務中斷或交易異常；
- 因第三方支付機構、銀行、電信運營商、網絡服務提供商等原因導致的支付失敗、到賬延遲或交易異常；
- 因用戶自身設備、網絡環境、賬號管理不當等原因造成的損失；
- 因第三方模型提供商調整服務、價格或停止運營導致的影響；
- 法律法規規定的其他免責情形。

（三）責任限制

對於法律允許約定責任限制、且不涉及平臺故意或重大過失的間接損失或可預見範圍外損失，平臺依法承擔與其過錯及損害因果關係相適應的責任。相關訂單實際支付金額可作爲認定責任範圍的參考，但不得據此排除或限制消費者依法享有的退款、損害賠償及其他法定權利。

本條款不適用於因平臺故意或重大過失造成的人身損害、財產損失，或者法律規定不得排除或限制責任的其他情形。

第九章 協議的修改、終止與解釋

（一）協議修改

根據法律法規變化、監管要求、業務發展或產品調整，平臺有權對本協議進行修訂。

對於涉及用戶重大權益的重要修改，平臺將通過網站公告、站內通知、電子郵件或其他合理方式進行提示。

修改後的協議自公佈之日起生效；法律法規要求另行取得用戶同意的，從其規定。

您在協議更新後繼續使用充值服務的，視爲您已閱讀並同意更新後的協議內容。

（二）協議終止

發生以下情形之一時，本協議終止：

（一）您主動註銷賬號；

（二）平臺依法終止向您提供服務；

（三）平臺停止相關充值服務；

（四）法律法規規定的其他情形。

協議終止前已經發生的充值、消費、結算及其他法律關係，不因協議終止而受到影響。

用戶主動申請註銷賬號的，註銷申請本身不產生餘額退款權。賬戶存在未消費餘額時，平臺應提示用戶先覈對餘額及消費記錄，並根據實際情況選擇繼續保留賬號使用餘額、依照本協議第五章申請退款，或在充分知情並作出明確確認後放棄相應餘額權益並繼續註銷。平臺不得僅以用戶提出註銷申請爲由自動退還餘額，也不得未經用戶明確確認而自動沒收未消費實付餘額。

符合本協議退款條件的，原則上應先完成退款審覈及必要結算，再辦理賬號註銷。不符合退款條件的，用戶可選擇保留賬號並繼續使用餘額；用戶仍堅持註銷的，平臺應就註銷後餘額無法繼續使用及相關後果進行顯著提示，並取得用戶明確確認。法律法規另有規定的，從其規定。

因平臺停止服務、用戶違約或其他原因導致協議終止的，平臺將區分已消費金額、未消費實付餘額和贈送權益進行處理。平臺停止服務的，未消費實付餘額依照適用法律法規及本協議退款規則處理；因用戶違約終止服務的，平臺可依法結算實際消費、欠款及依法確定的損失，剩餘實付餘額依法處理。贈送權益按照活動規則處理。

（三）協議解釋

本協議未約定事項，適用《用戶協議》《隱私政策》及平臺其他相關規則。

如本協議任何條款因法律法規變化被認定無效或不可執行，不影響其他條款的效力。

第十章 附則

（一）協議組成

本協議是《用戶協議》的組成部分，與《用戶協議》《隱私政策》《AI 服務使用規範》《第三方模型服務說明》《數據安全承諾》等平臺規則共同構成您使用本平臺服務的完整法律文件。

如本協議與適用法律法規存在衝突，以法律法規的規定爲準。

本協議的訂立、生效、履行、解釋及爭議解決，適用香港特別行政區法律。因本協議引起或與本協議有關的任何爭議，雙方應先友好協商；協商不成的，任何一方可向香港特別行政區有管轄權的法院提起訴訟。

Recharge Service Agreement

Version: V1.0

Effective Date: July 10, 2026

Last Updated: July 10, 2026

Chapter I General Provisions

Welcome to the recharge and balance usage services of APIporter (apiporter.com). APIporter is operated by CloudBridge AI Technology Limited, a company registered in Hong Kong.

This Recharge Service Agreement (hereinafter referred to as "this Agreement") forms an integral part of the User Agreement and applies to your purchase of balance, account recharge, consumption of Platform services, and related transactions through APIporter.

Please read this Agreement carefully before recharging or purchasing services. By completing a recharge or payment, or using your account balance to consume Platform services, you shall be deemed to have read, understood, and agreed to all provisions of this Agreement.

Chapter II Account Balance

(I) Nature of Balance

The Platform balance constitutes a prepaid service quota purchased by you and may be used solely to pay fees for products or services provided by the Platform.

The Platform balance is not:

- **a bank deposit;**
- **electronic money;**
- **funds in a payment account;**
- **an investment product;**
- **a wealth management product.**

No interest, return, or other proceeds shall accrue on the balance.

(II) Scope of Use

The account balance may be used to pay for:

- **AI model invocation fees;**
- **API service fees;**
- **Token consumption fees;**
- **value-added Platform services;**
- **other services for which the Platform announces support for payment by balance.**

Unless otherwise stated by the Platform, the balance may not be used to pay for any products or services outside the Platform.

(III) Balance Management

Through the User Center, you may view:

- **current balance;**
- **recharge records;**
- **consumption records;**
- **order details;**
- **deduction details.**

If a temporary delay in the displayed balance occurs due to network latency, system maintenance, or other reasons, the Platform's final settlement data shall prevail.

Chapter III Recharge Rules

(I) Recharge Methods

The Platform supports recharges through payment methods announced by the Platform, including but not limited to:

- **bank card;**
- **Alipay;**
- **WeChat Pay;**
- **Stripe;**
- **PayPal;**
- **bank transfer (if applicable);**
- **other payment methods subsequently supported by the Platform.**

The specific payment methods shall be subject to those actually displayed on the recharge page.

(II) Crediting of Recharges

After a recharge is successful, the Platform will normally add the corresponding balance immediately.

If crediting is delayed due to a payment institution, banking system, network anomaly, or other reason, please wait patiently or contact customer service for assistance.

The Platform has the right to adjust the account balance after verifying the payment result.

(III) Recharge Amount

The recharge amount shall be the amount for which payment was actually successful.

If you pay in a currency different from the currency in which the Platform displays its prices, the amount actually charged, the applicable conversion rate, and related payment fees shall be determined by the real-time settlement result of the acquiring institution at the time of the transaction.

If a payment fails, is reversed, refunded, charged back, or is otherwise abnormal, the Platform has the right to reduce the balance accordingly or reverse the relevant transaction.

Chapter IV Consumption Rules

Your account balance will be automatically deducted when you use Platform services in accordance with the billing rules published by the Platform.

Different models, interfaces, and services may be subject to different rates. The specific prices, units of measurement, and billing methods shall be subject to the information published by the Platform in real time when you use the services. The Platform will display relevant billing information on the recharge page, model pricing page, console, or other reasonable locations.

When your balance is insufficient, certain services may become unavailable. The Platform will make reasonable efforts to notify you of an insufficient balance, but shall not bear liability beyond that prescribed by law for avoidable losses arising because you failed to recharge promptly or because your own program continued initiating calls.

If rates need to be adjusted for reasonable causes such as changes in third-party model supplier prices, exchange-rate fluctuations, changes in operating costs, or adjustments to tax policies, the Platform will announce the adjustment through its official website, console, or other reasonable means; where material user rights and interests are involved, conspicuous notice will be provided. Adjusted prices shall apply only to new calls or new orders after they take effect and shall not retroactively adjust completed consumption. If a user does not accept the adjusted prices, the user may stop purchasing or using the relevant services.

After collecting a prepayment, the Platform may not arbitrarily raise prices or reduce expressly agreed service quality, unless otherwise provided by laws and regulations or lawfully agreed by both parties.

Chapter V Refund Rules

(I) Basic Principles

The account balance constitutes a prepaid Platform service quota purchased by you and is used to pay fees for artificial intelligence model calls, API services, and other related services provided by the Platform.

Under normal circumstances in which the Platform can continuously provide services as agreed, once a recharge succeeds, the account balance generally may not be withdrawn at any time or converted into cash without cause. This provision does not affect consumers' rights to a refund, contract rescission, or other statutory rights under applicable laws and regulations and this Agreement.

A user's voluntary discontinuation of services, lack of further personal need for relevant services, or application to cancel an account does not in itself constitute grounds for a refund. Unless otherwise provided by laws and regulations, a refund circumstance stipulated in this Agreement exists, or the Platform separately agrees, a user may not demand withdrawal or cash conversion of the account balance solely because the user no longer uses the services or cancels the account.

Please select a recharge amount reasonably based on your actual needs before recharging.

(II) Circumstances in Which a Refund May Be Requested

You may apply to CloudBridge AI Technology Limited for a refund if any of the following circumstances applies:

- **duplicate deductions, duplicate recharges, or incorrect charges caused by a Platform system failure;**
- **duplicate payment caused by a payment-system anomaly;**
- **purchased services cannot be performed due to reasons attributable to the Platform and cannot be restored within a reasonable period;**
- **the Platform fails to provide services as agreed, reduces service quality, or arbitrarily raises prices, thereby making the purpose of the contract impossible to achieve;**
- **the Platform decides to discontinue the relevant recharge service or cease operations, and the user requests return of the unused paid balance;**
- **other circumstances in which a refund is required by laws and regulations.**

After verifying the user's identity, payment records, actual consumption, and refund eligibility, the Platform will complete its review within a reasonable period. Where refund conditions are met, the refund shall in principle be returned through the original payment channel; if a refund through the original payment channel is impossible, it may be processed through a lawful method accepted by both parties after necessary verification is completed.

(III) Handling After Partial Consumption

If a user has used part of the balance, the portion actually consumed shall be settled according to the billing rules applicable when the calls occurred. The Platform may not refuse to refund an unused paid balance that qualifies for a refund solely because the user has already made partial consumption.

The refund amount shall be calculated based on the balance generated from the user's actual payments that remains unused. Benefits not generated from actual user payments—including promotional gifts, referral-code rewards, trial quotas, coupons, vouchers, and other such benefits—shall not be converted into cash or included in the cash refund amount, unless otherwise provided by campaign rules or laws and regulations.

(IV) Circumstances in Which Refunds Are Generally Not Supported

To the extent not contrary to applicable laws and regulations, refunds generally will not be supported in the following circumstances, or the Platform may process them after deducting expenses actually incurred that should be borne by the user:

- **the relevant balance has been fully consumed;**
- **the services have been fully performed as agreed;**
- **a refund is requested due to the user's own operational error, selection of the wrong account, or selection of the wrong recharge amount, and the Platform provided clear notice, irreversible costs have been incurred, or the refund would harm the lawful rights and interests of others;**
- **actual model calls and resource consumption resulting from errors in the user's own program, duplicate requests, or improper management;**
- **the user obtained the balance or benefits through fraud, malicious refund requests, chargebacks, exploitation of promotions, or other unlawful or noncompliant means;**
- **other circumstances in which laws and regulations permit the Platform not to issue a refund.**

A user's selection of the wrong payment method, recharge amount, or account does not automatically exempt the Platform from refund obligations it must legally bear. The Platform will handle the matter comprehensively based on whether actual consumption occurred, whether return through the original channel is possible, whether irreversible costs were incurred, and applicable laws and regulations.

(V) Balance May Not Be Freely Withdrawn or Transferred

Unless a refund circumstance stipulated in this Agreement applies, laws and regulations provide otherwise, or the Platform separately and expressly supports it, the account balance may not be:

- **freely withdrawn or converted into cash;**
- **transferred to a third party;**

- **used to repay debts unrelated to Platform services;**
- **used for any purpose not expressly supported by the Platform.**

If the Platform later launches a balance-transfer function or another related function, the rules lawfully published by the Platform at that time shall prevail.

(VI) Service Discontinuation and Material Business Risks

If CloudBridge AI Technology Limited encounters a material business risk that may affect its normal provision of services as agreed, it shall take corresponding measures in accordance with law and cease collecting further prepayments to the extent required by applicable law.

If CloudBridge AI Technology Limited decides to discontinue relevant services or cease operations, it will notify users in advance in accordance with law and, based on the user's choice and actual performance, continue performance, provide a reasonable alternative, or refund the unused paid balance.

Chapter VI Promotional Activities

The Platform may launch recharge promotions, gifted balances, coupons, vouchers, discount campaigns, or other promotional activities based on business development.

The specific rules of a relevant promotional activity shall be subject to the content published on the activity page.

(I) Gifted Balance

Balances gifted by the Platform (including but not limited to promotional gifts, referral-code rewards, and trial quotas):

- **may not be withdrawn;**
- **may not be converted into cash;**
- **may not be transferred;**
- **are not refundable;**
- **shall be used in the order specified by Platform rules.**

Unless otherwise stated for an activity, a gifted balance may have a validity period; if it remains unused after expiration, the Platform has the right to invalidate it automatically.

(II) Promotional Eligibility

If the Platform finds that a user has engaged in any of the following conduct:

- **malicious registration;**
- **bulk account registration;**
- **exploitation of promotions;**

- **sham transactions;**
- **malicious use of programs to claim rewards;**
- **other conduct violating activity rules,**

the Platform has the right to revoke promotional eligibility, recover promotional quotas, and take measures including restricting the account, suspending services, or terminating services.

Chapter VII Risk Notice

You fully understand and agree that:

(I) Prices for AI services may change due to changes in third-party model supplier prices, exchange-rate fluctuations, changes in operating costs, adjustments to tax policies, or other reasons.

(II) The Platform will adjust rates based on actual circumstances and announce them through its official website, console, or other reasonable means.

(III) Prices differ among models. Please carefully confirm the applicable rates before calling a model.

(IV) API calls are billed according to actual resource consumption. Erroneous calls, duplicate calls, program anomalies, or resource consumption caused by the user will in principle still be billed according to actual consumption.

(V) Please properly safeguard your account, password, and API Key. The user shall bear corresponding responsibility for consumption caused by disclosure of the account, disclosure of the API Key, or improper management, except where it can be proven that the cause is attributable to the Platform.

Chapter VIII Liability for Breach

(I) User Breach

If a user violates laws and regulations, the User Agreement, this Agreement, the AI Service Usage Rules, or other Platform rules, the Platform has the right, according to the circumstances of the violation, to take any of the following measures separately or concurrently:

(I) issue a risk notice or warning;

(II) restrict recharges, consumption, or use of certain functions;

(III) restrict or suspend API calls;

(IV) temporarily freeze the account balance or relevant benefits during risk review, dispute handling, or lawful enforcement;

(V) suspend or terminate some or all services;

(VI) cancel the account;

(VII) recover promotions, gifted balances, or other benefits obtained through the violation;

(VIII) pursue corresponding legal liability in accordance with law.

If the user's violation causes the Platform, a third-party model provider, a partner, or another user to suffer losses, the user shall bear corresponding liability for compensation in accordance with law.

When handling the balance of a noncompliant account, the Platform shall distinguish between the user's paid balance and gifted benefits. The Platform may lawfully deduct fees payable by the user, consumption actually incurred, or debts or losses determined in accordance with law, but may not automatically confiscate the entire unused paid balance solely because the account has been restricted, suspended, terminated, or canceled. Gifted balances and promotional benefits may be revoked or invalidated pursuant to activity rules.

(II) Platform Liability

The Platform will provide recharge and balance services in accordance with laws and regulations and this Agreement.

If the Platform's willful misconduct or gross negligence damages a user's lawful rights and interests, the Platform will bear corresponding liability within the scope prescribed by law.

Unless otherwise provided by laws and regulations, the Platform shall not be liable for:

- **service interruptions or transaction anomalies caused by force majeure;**
- **payment failures, delays in crediting, or transaction anomalies caused by third-party payment institutions, banks, telecommunications operators, network service providers, or similar parties;**
- **losses caused by the user's own device, network environment, improper account management, or similar reasons;**
- **impacts resulting from a third-party model provider's adjustment of services or prices or cessation of operations;**
- **other circumstances exempting liability as prescribed by laws and regulations.**

(III) Limitation of Liability

For indirect losses or losses outside the foreseeable scope where the law permits contractual limitation of liability and that do not involve the Platform's willful misconduct or gross negligence, the Platform shall bear liability in accordance with law commensurate with its fault and the causal relationship to the damage. The amount actually paid for the relevant order may serve as a reference in determining the scope of liability, but may not be used to exclude or restrict consumers' lawful rights to refunds, damages, or other statutory rights.

This clause does not apply to personal injury or property loss caused by the Platform's willful misconduct or gross negligence, or to other circumstances in which the law prohibits exclusion or limitation of liability.

Chapter IX Amendment, Termination, and Interpretation of the Agreement

(I) Amendment of the Agreement

The Platform has the right to revise this Agreement in response to changes in laws and regulations, regulatory requirements, business development, or product adjustments.

For material amendments involving significant user rights and interests, the Platform will provide notice through a website announcement, in-site notification, email, or other reasonable means.

The amended Agreement shall take effect on the date of publication; where laws and regulations require separate user consent, those requirements shall apply.

If you continue using recharge services after the Agreement is updated, you shall be deemed to have read and agreed to the updated Agreement.

(II) Termination of the Agreement

This Agreement terminates upon the occurrence of any of the following:

(I) you voluntarily cancel your account;

(II) the Platform lawfully terminates the provision of services to you;

(III) the Platform discontinues the relevant recharge services;

(IV) other circumstances prescribed by laws and regulations.

Recharges, consumption, settlements, and other legal relationships that arose before termination of the Agreement shall not be affected by its termination.

If a user voluntarily applies to cancel an account, the cancellation application itself does not create a right to a balance refund. If an unused balance remains in the account, the Platform shall remind the user first to verify the balance and consumption records and, based on actual circumstances, choose to retain the account and use the balance, apply for a refund pursuant to Chapter V of this Agreement, or, after being fully informed and giving express confirmation, waive the corresponding balance rights and proceed with cancellation. The Platform may not automatically refund the balance solely because the user submitted a cancellation application, nor may it automatically confiscate an unused paid balance without the user's express confirmation.

If the refund conditions under this Agreement are met, the refund review and necessary settlement shall in principle be completed before account cancellation. If refund conditions are not met, the user may choose to retain the account and continue using the balance; if the user still insists on cancellation, the Platform shall conspicuously notify the user that the balance can no longer be used after cancellation and of the related consequences, and shall obtain the user's express confirmation. Where laws and regulations provide otherwise, those provisions shall apply.

If the Agreement terminates because the Platform discontinues services, the user breaches the Agreement, or for another reason, the Platform will separately handle amounts consumed, unused paid balances, and gifted benefits.
